

"Discounts, freebies, and a guitar, keyboard, or voice lesson for \$9.95!"

## "Melodious Coe's Music jams with *The Hollywood Rock Academy* – and you can too!"

Hi,

I'm Matt Coe. I've been a professional guitar player for many years. But I created Melodious Coe's Music because I realized nothing makes me happier than to see other musicians – like you – learning hot licks and having fun.

This Saturday – and the next and the next – Melodious Coe's will host *The Hollywood Rock Academy's* fast, furious and fabulous weekly jam session. *And you're invited!*

Just sit and listen, if you want. Or if you play guitar, keyboards, or love to sing – come on in and join the band!

### Get a *FREE* back-to-school Melodious Coe's Music caddy and become an American idol!

Visit the jam session and you'll receive my Melodious Coe back-to-school music caddy. This pack of goodies will fit in your school binder and can hold your favorite CD – (*why not record your own? More on that later*) – pencils, pens and whatever else you need to get through your day.

Inside your free kit you'll find a very important coupon. The coupon entitles you to one guitar, keyboard, or voice lesson for only \$9.95! All great musicians – American Idol winners, The Beatles, OutKast – start somewhere. Take the first step at Melodious Coe's Music!

CAN'T join the fun on Saturday to pick up your music kit? Email me at [music@melodiouscoesmusic.com](mailto:music@melodiouscoesmusic.com) and I'll save one for you. To pick it up, drop by any Monday through Saturday between the hours of 11 a.m. and 9 p.m.

"He looked like Elvis, anyway."

## "Elvis arrives in a state-of-the-art space saucer!"

Elvis has come and gone. But other candidates for stardom can be seen every week recording at Melodious Coe's Space Saucer Studios.

You see, when I opened Melodious Coe's Music, I didn't just want to sell you a lesson or two and maybe a guitar or keyboard. My goal *was, is and always will be* to discover new talent and show them how the recording industry works.

Not every great talent immediately gets a recording contract with a major label. But many "break out" acts started by making their own, simple recordings. And I can show you how at Space Saucer Studios.

Other opportunities you'll want to check out:

- *Hollywood Rock Academy*
  - *Recording and Engineering Class*
  - *Songwriting Seminar*
  - *Music Making Magic*
- (a class for the "little ones")  
And more to come...!

### Get discounts, exclusive offers and maybe meet your future band mates by joining Melodious Coe's Monthly E-Note!

The easiest way to get involved is to join Melodious Coe's monthly E-Note. Each month I offer discounts on strings, lessons, instruments and events, and make exclusive offers. *I'll even feature new music makers - maybe you.* Summer may be over, but the music making has just begun!

Yes, Matt, I want to join the Melodious Coe Band!
