

YOU'LL BE A FREEWHEELIN' SQUARE WHEN YOU BUDDY-UP WITH OUR NEW 6-BOTTLE *BEVCRUZER* ...and that's cool!

Maybe it's just a guy thing. But life seems a lot more fun when you travel with your favorite companions. After all, Jack (Daniels), Jose (Cuervo), Jim (Beam) and Remy (Martin) enjoy a good time as much as anyone. So why not bring them along?

Now you can with our new kid on the block – the 6-Bottle *BevCruzer* with wheels. The flexible interior layout is designed to accommodate the square design of many liquor containers. Yet

bottles of various shapes and sizes – 6 spaces for bottles up to 13 ¾ inches tall, 2 spaces for bottles up to 11 ¾ inches tall – will be safe from breaks and spills when traveling in this indestructible hard-shell carrying case with closed cell foam.

Gel packs up to 1.25 inches thick may be placed between bottles for temperature control. And there are no worries getting high because *BevCruzer* safely maintains temperature for six to eight hours – even when flying at 30,000 feet.

Enjoy hooking up with your pals at Duty Free shops? Now you can wheel them away in your *BevCruzer* with no concern for their comfort or survival. Because, the truth is, when you arrive at your destination you want to make sure your freewheeling friends are ready to party, right? Or, if you prefer a gathering that's a bit mellower, just make sure you invite Stoli and Frangelico to tag along.

Other *BevCruzer* highlights include:

- Telescoping, hide-away handles that provide additional convenience for travel and packing
- Ergonomic design
- Maximum protection against impact, vibration and thermal shock
- Secure and easy-to-open corrosion-proof latches

Get there safe. Play it cool with *BevCruzer* squares!
